

408 W. 1st St.
Lakeland, Florida

Jan. 13, 1941

Dear Mrs. Manley

I recieved your letter today and was glad to hear from you. I have already recieved my social security. About the paper I do not get that paper down here. Mrs. Manley if you want to know about the park here write Martin Duker, 418 W. North St., he works for the city here and he will give you some direct parties to contact. For the Park in Daytona Beach write Dr. Slack Drug Store, 2nd St. He'll get it. He'll let you know about the park there because he was asking me about where the Eagles were going to train, and every body in Daytona like the Eagles. He'll like to have them back if he can get them. For the game Easter Monday, write

Mike Wadsworth, Plant City, Florida and he can let you know definite about it. For the game Easter Sunday in St. Petersburg, Florida, I'll go over there and see about it as quick as possible. I am doing all that I can, and I'll let you know next week. Please send the money because I need it. I want to borrow about \$30 (dollars) because I need it. Let me know if I can get it. I'll pay you back when I get in Newark. About the treatments, I'm not taking them because I don't have the money. I could take City shots but they don't care how they do you, and some of them kill people. The ones I took when I was up there did me a lot of good because I feel better right now. I am taking good care of myself.

Very Truly Yours
James Hill
